Empowering the Pillars of Healthy Churches

In today's dynamic landscape, churches thrive by prioritizing key pillars of health. Cultivating **Community and Discipleship,** enhancing **Communication and Engagement,** securing **Financial Stewardship,** optimizing **Staff and Volunteer Effectiveness,** and ensuring **Safety** compose the foundation of a healthy church.

These pillars weave a tapestry of shared experiences, strengthen connections, fulfill missions, streamline processes, and establish a secure environment for worship, fostering a flourishing community.

Who We Are

Ministry Brands helps nearly 90,000 purpose-driven organizations grow and increase their impact on the world.

We provide community and organizational leaders with integrated solutions covering people and donor management, digital giving, websites, communications, media, event planning, employee and volunteer background screenings, and more.

Together, our nearly 700 associates help clients transform how they operate and create positive ripple effects that drive the real human impact for which we all strive.
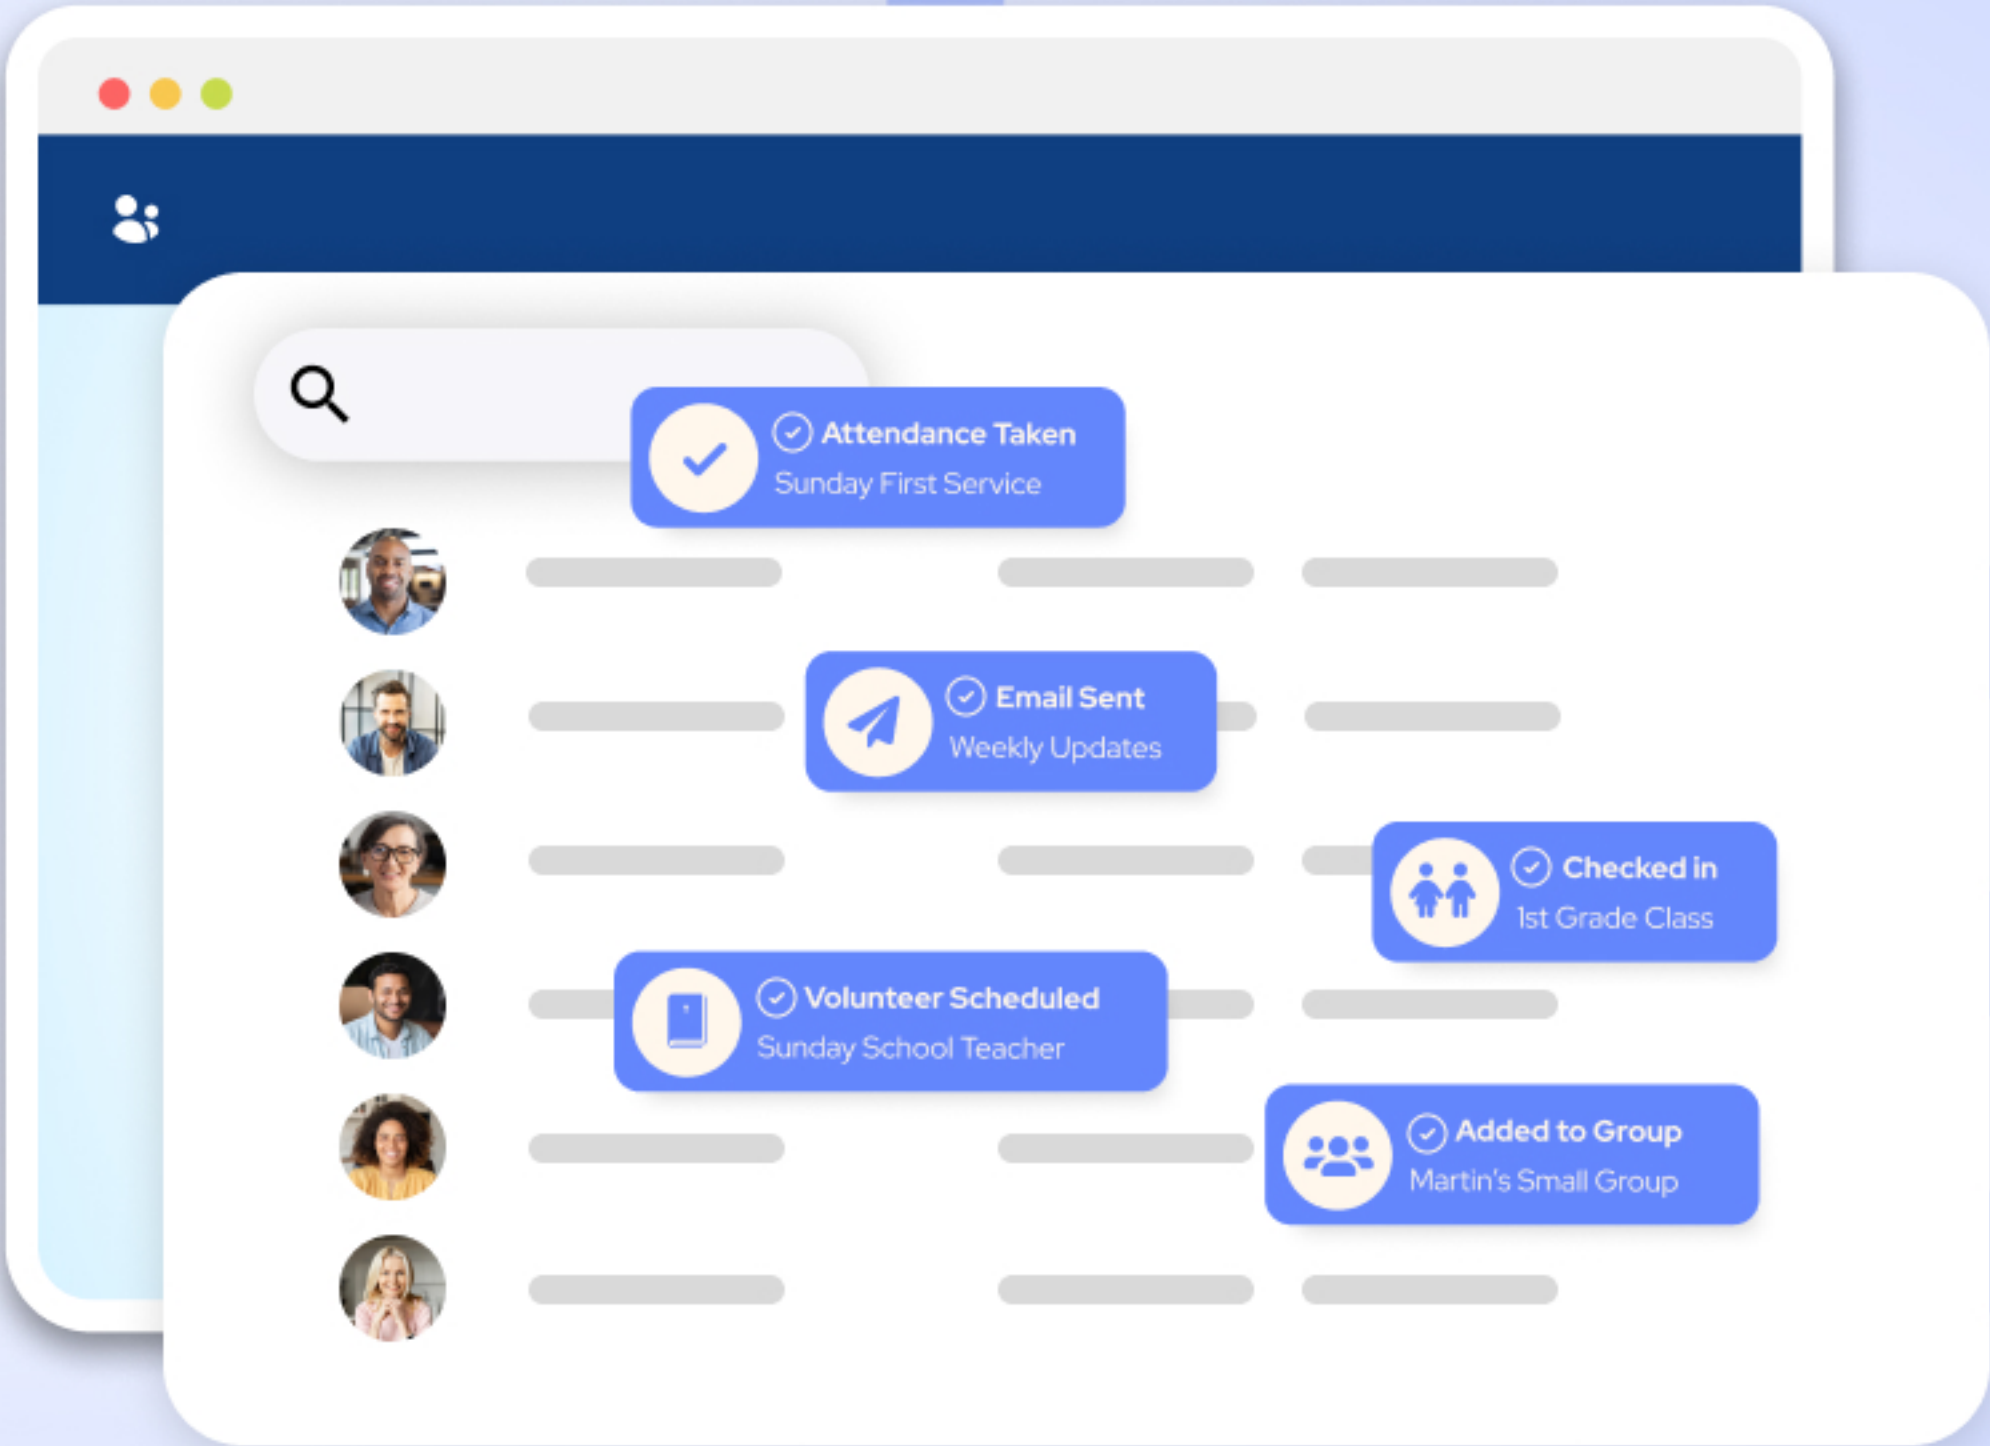

People

A Smarter Way to Understand & Engage with Your Members.

Get the impactful insights and automation that empower you to go beyond "engagement" and truly understand your members, guiding them along their faith journey, and helping amplify the greatest story ever told.

Advanced Features Protecting Churches, Ministries and Children from Predators.

Our robust tools, including thorough background checks and real-time criminal monitoring, empower churches to foster safety and shield their community from potential threats. We also offer complete re-verification on all criminal hits for guaranteed accuracy on over 2.5 billion national criminal records.

Product Features

Serve Your People

Every record you enter (and metric you measure) is tied to a real person in a faith journey. Our useful, supportive features help you focus on building your community—because your software solution should be simple.

Member Management

Our integrated solution allows churches and faith-based organizations to collect, track, and engage with all of their key constituents.

People Search

787 People (27 Families)

Greg Abraham	gregabraham@email.com
Julia Abraham	juliaabraham@email.com

Calendar & Scheduling

Track and manage volunteers, children, and staff, across multiple campuses and oversee church events with ease.
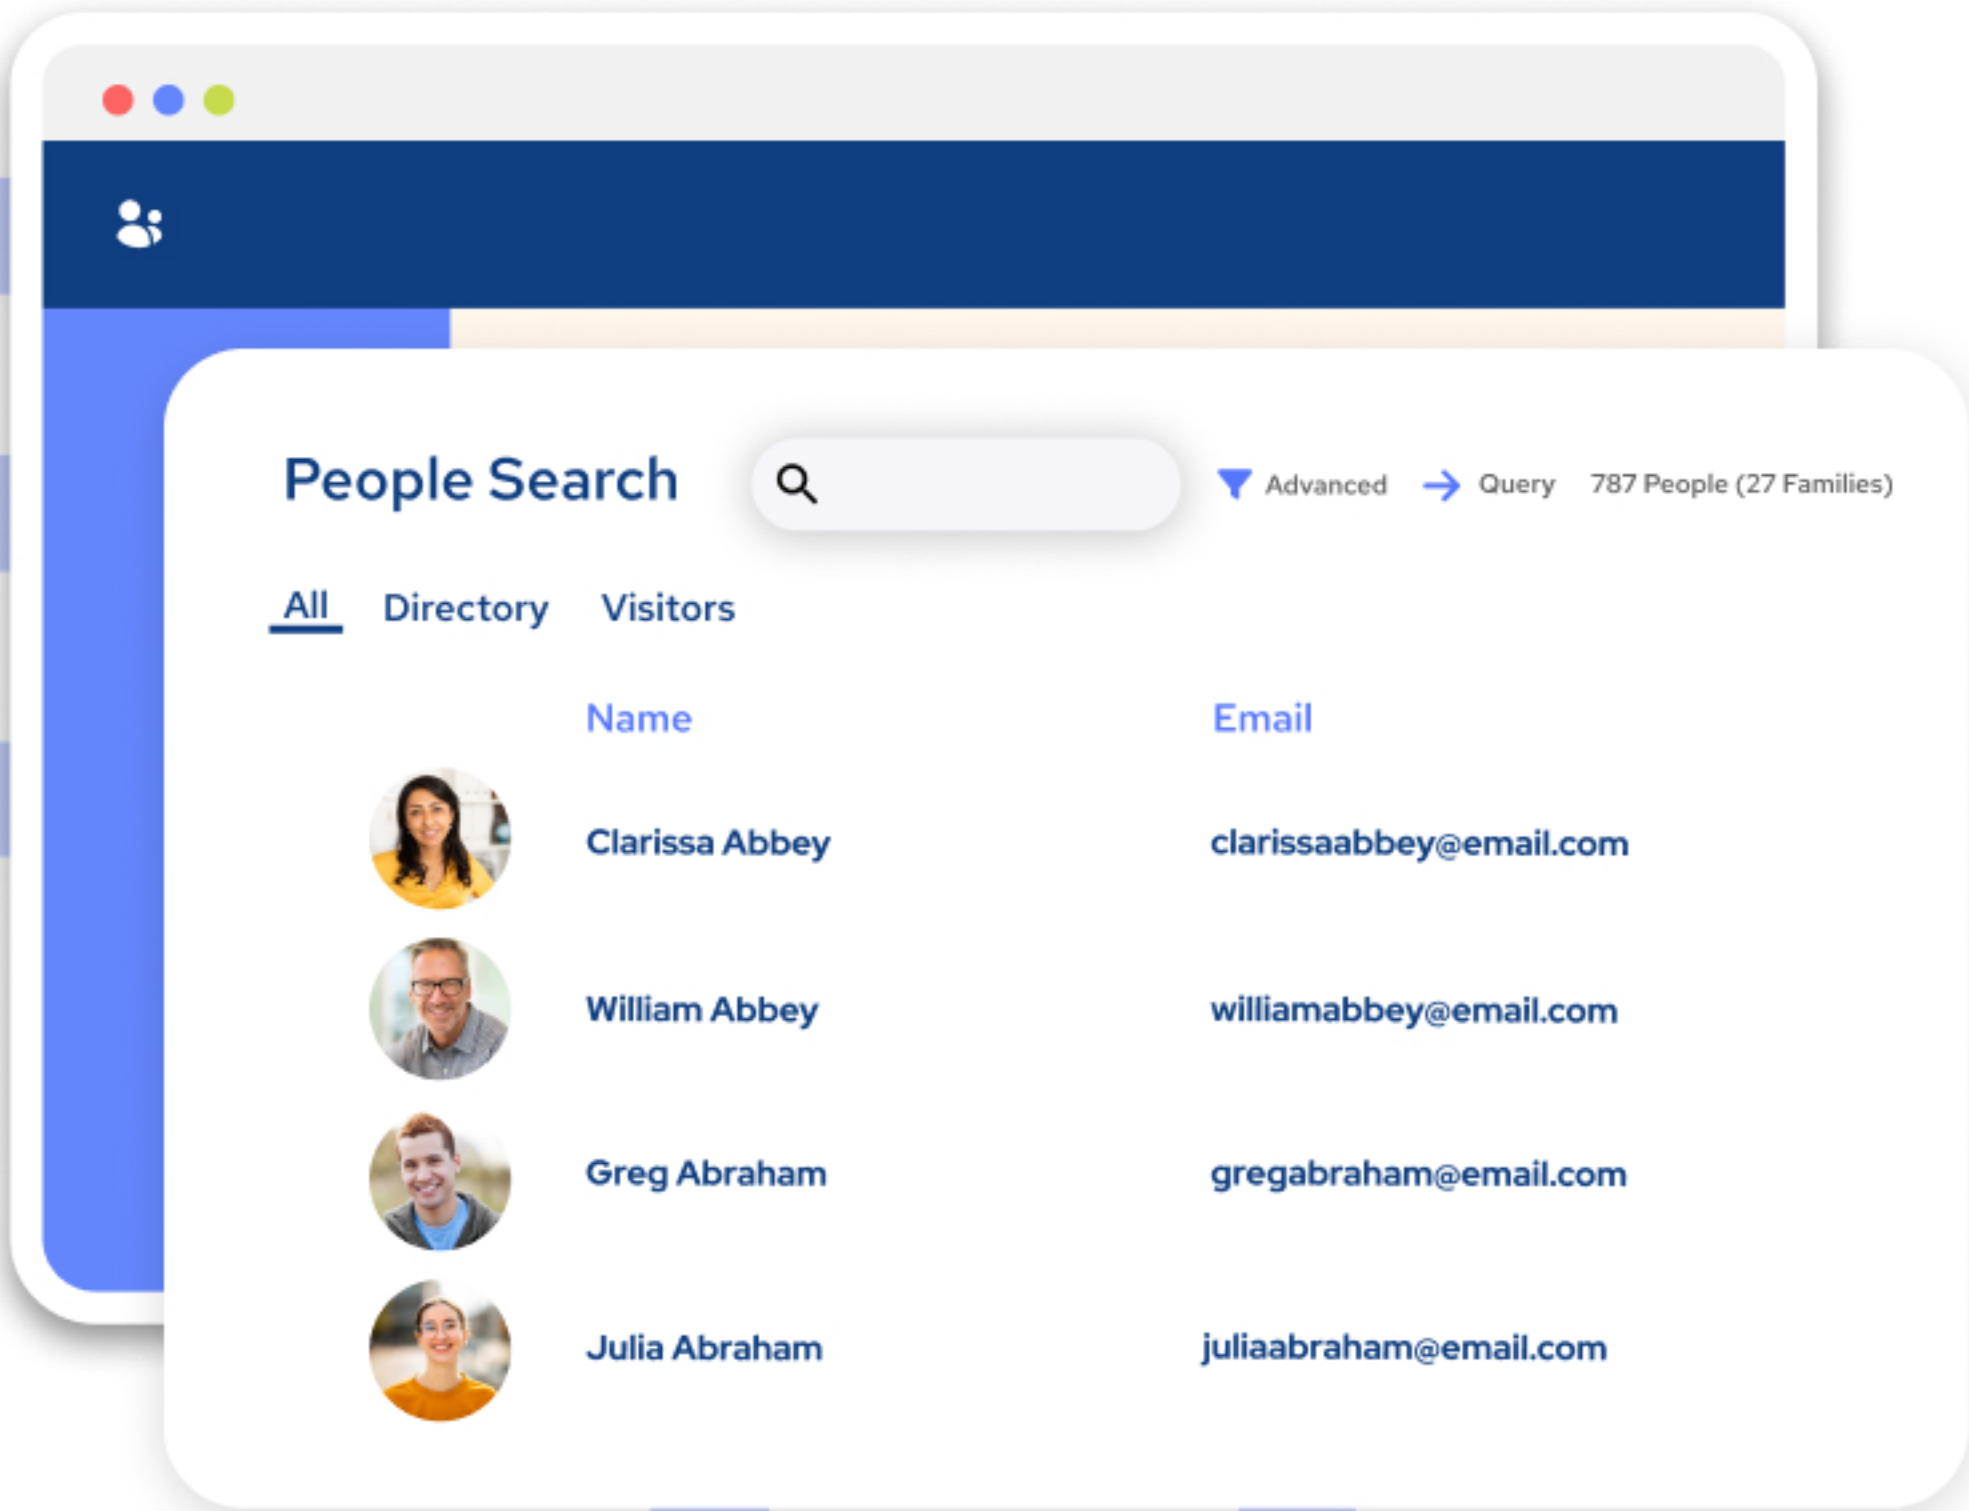

Drug Screening

Our program covers pre- and post-hiring needs and our coverage is national in scope.

Reporting & Analytics

Access church attendance, directories, giving reports and more to make insightful and informed decisions.

Streamline Your Ministry

- Communications - Targeted communications can be sent to members and volunteers to ensure you are reaching the right audience.
- Mobile App - A customized mobile app designed for your organization's specific needs allows access to actionable information on the go.
- CRM - The comprehensive management system gives visibility into all the data and interactions for everyone involved in your ministry.

Did You Know?

Churches that use automation enjoy more efficiency in administrative tasks.

Giving

A Proven Giving Solution That Amplifies Generosity.

Ministry Brands Amplify Giving helps drive over $6.4 billion in annual donations, empowering your ministry, mission, and members while amplifying the Word of the Lord.

Unlock Transformational Giving Capabilities for Your Church.

Our flexible giving options provide many ways for members to give. With total control over their giving, your members will experience greater freedom to give. Meanwhile, your admin team will be empowered to automatically and accurately record giving transactions.

Product Features

Online Giving Made Easy for a Healthy Church

- Easy for your donors with intuitive and flexible giving options
- Easy on your staff with accurate and Insightful Reporting
- Easy on your ministry with a centralized platform and multiple options to help you maximize donor contributions

Recurring Donations

Provide your church with the option to automate giving. Donors complete a one-time set up, and gifts are automatically given.

Custom Payment Forms

Create donation forms for every kind of contribution imaginable. Customize extensively for your unique needs.
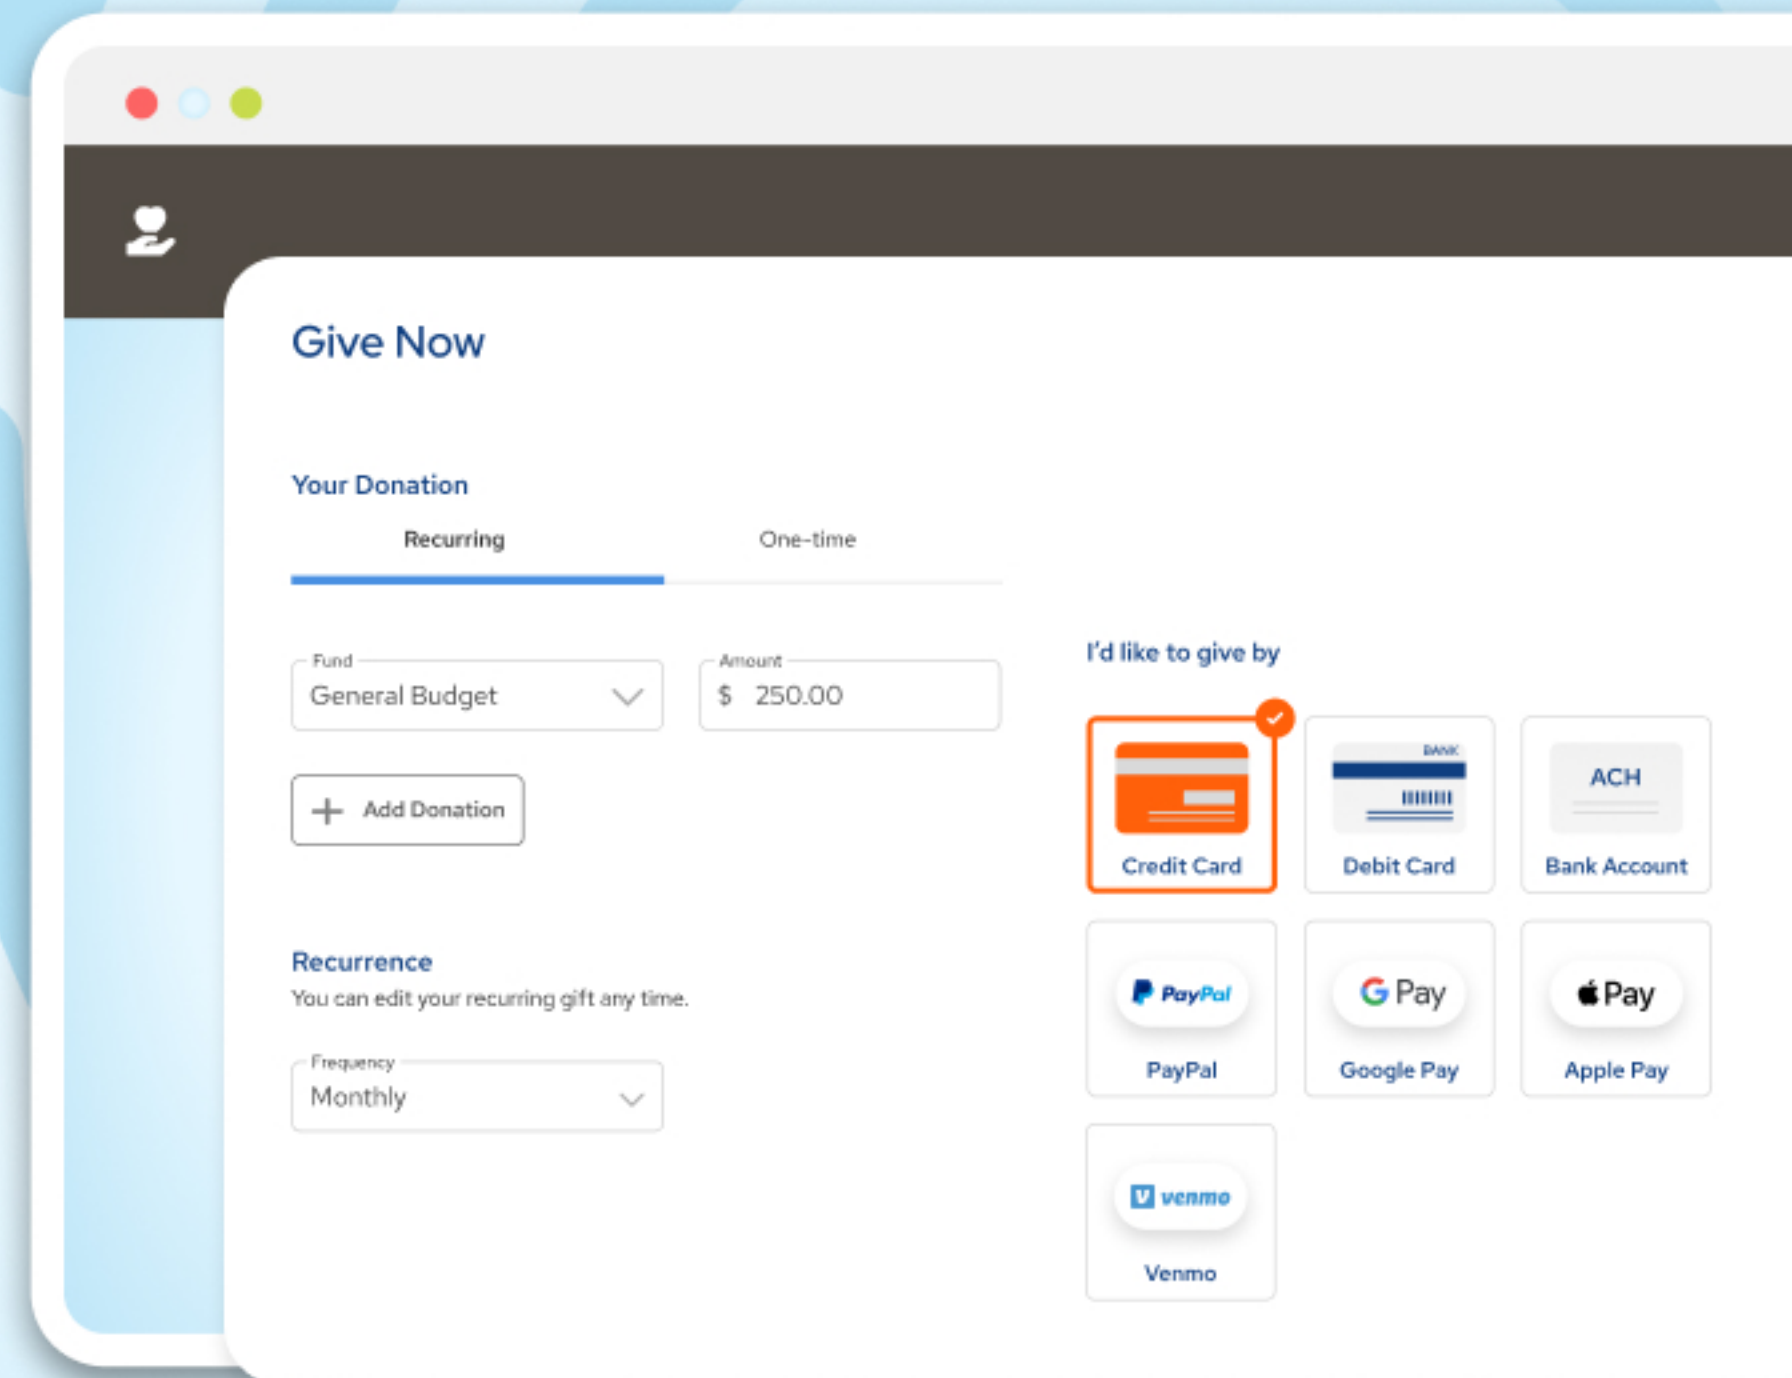

Text Giving

Provide your donors with a familiar and frictionless giving experience from their smartphone.

Detailed Reports

Harness the power of data to drive decisions. Craft and share in-depth reports based on specific timeframes, individual contributors, and other factors.

Bank Reconciliation

Out-of-the-box deposit reports make reconciliation a snap no matter how many donations.

Virtual Terminal

Manage transactions, customize reports, give on behalf of the donor in Virtual Terminal, allow donors to help cover processing cost, and more.

Secure Data

We go above and beyond to protect your data. We meet the highest standards for security set forth by card brands.

Multi-Church Support

Enjoy dedicated features and support for managing multiple campuses or a large organization.

Automated Check Deposit

Streamline check deposit procedures, saving valuable time, financial resources, and energy with an integrated cloud-based solution.

DonorShield ™

DonorShield ™ is designed to mitigate effects of unforeseen disruptions by safely holding payment information, even during partner disruptions. Once service is resumed, your transactions are completed.

Did You Know?

Churches that combine our people and giving solutions typically 2x their Giving.

Mobile App

Empower Limitless Engagement with Your Church, Creating A Deeper Connection with God.

Our Mobile App builder is dedicated to weaving God and your Ministry into the fabric of daily life, keeping your members spiritually connected.

Transform Your Ministry into an Immersive Journey with a Seamless, Enriching Mobile Experience.

Churches want a mobile app that just works, without having to understand what an API is, or hiring expensive external IT consultants. Seamlessly manage your member data, donations, check-ins, and content delivery with ease— personalized push notifications help foster deeper engagement.

Product Features

Empower Your Team & Engage Your Congregation Wherever They Are

Built-in Online Giving

Empower your congregation to give anytime, from anywhere. Your members can set up both one-time and recurring giving directly from the application. With the ability to use forms, church administrators can create special giving for holidays, missions, or designated funds.

Prayer Requests

Make prayer requests a more active part of your ministry and encourage members to make requests anytime from anywhere. With a direct connection to your ChMS, you can assign appropriate resources, capture and act on prayer requests faster than ever.

Events & Groups

Encourage participation by helping your community to quickly and easily connect, register and pay for events, classes, or small groups. Seamlessly integrate directly to your ChMS to manage events and payments more effectively.
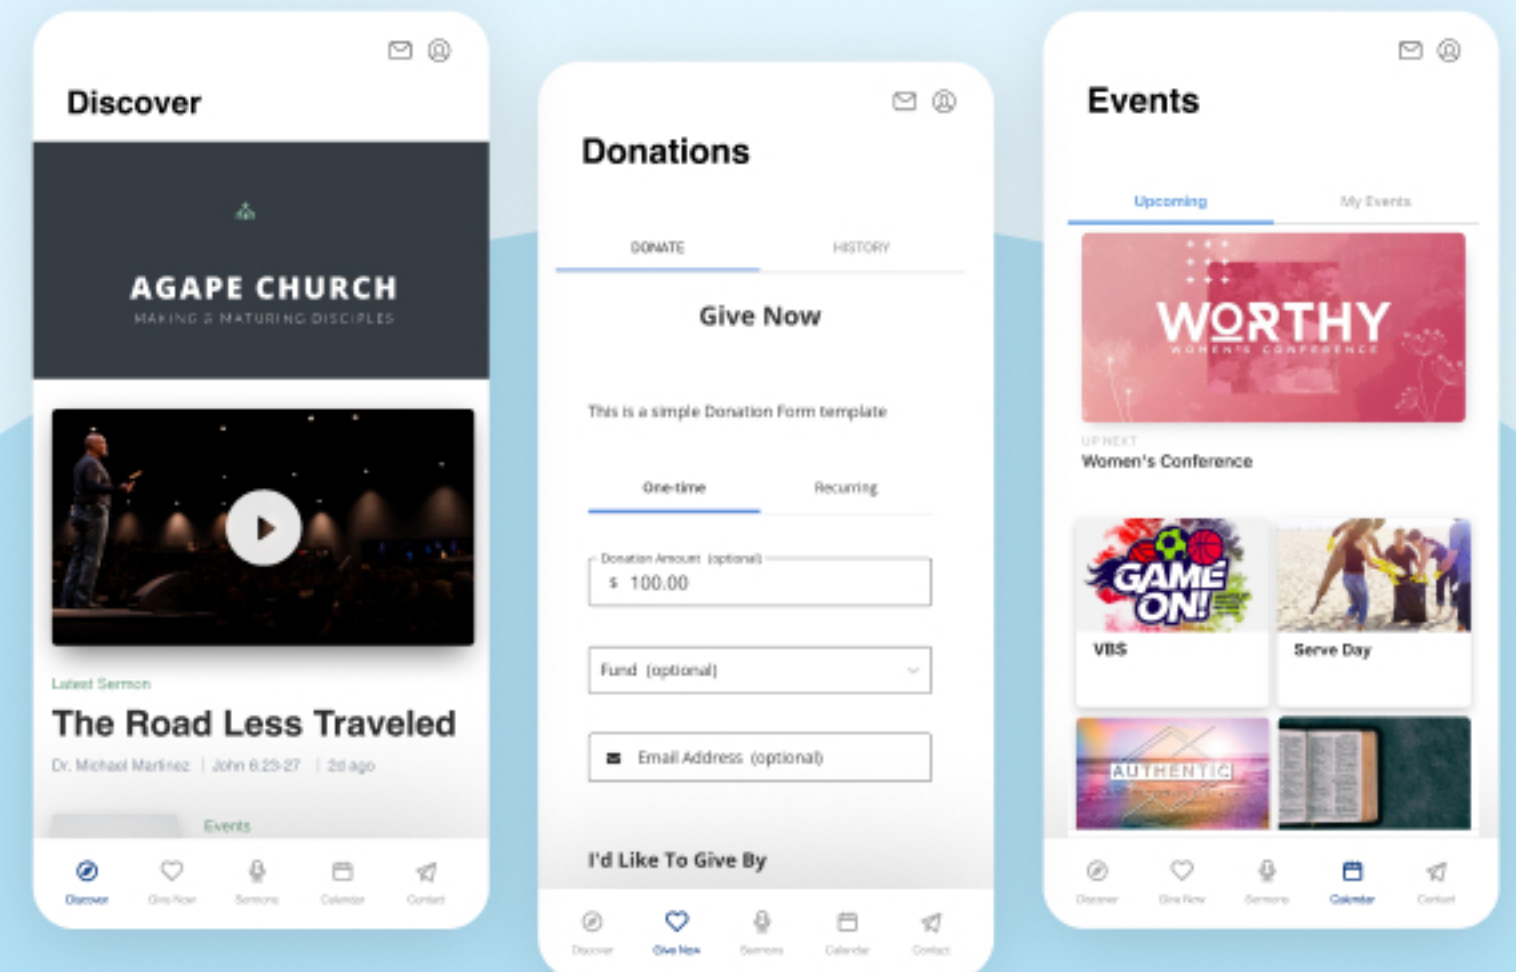

Child Check-In

Parents can use the app to check in their children on their way to church, and then it's just a quick scan to print their badges at a kiosk when they arrive. Volunteers can check-in the same way. It's quicker, lines are shorter, and you still get all the benefits of secure check-in. Safely managing children checking in and out of your church's activities just got easier.

Live Streaming

Broadcast your services live to keep your community engaged. Go live on your website, in your app, and on social media. Live videos will load right in the app and users and watch, learn, give, and remain a vital part of your church's community — no matter where they are.

ChMS Integrations

Have your member information move seamlessly and securely from your church app to your church office.

Push Notifications

Use push notifications and in-app messaging when your community just has to know what's going on. Don't let your communications get lost on social media or ignored in an email newsletter. Send alerts instantly or schedule your messaging in advance. Share links to events or registration forms, send a prayer update, share the latest news, or make sure your community gets any urgent weather alerts.

On-Demand Media

Effortlessly provide all of your sermons, videos and other media in one place, making your content easy to access for your whole community. Seamlessly integrate with YouTube, Vimeo, and more for real-time syncing and syndication. In addition, sermon audio is available every week using your podcast feed.

Custom Branding

Use a custom branded church app to broaden your reach and increase brand awareness. Match the app icon to your church's brand, customize the app name, add your image to show up while the app is loading, and direct people to your page in the app store.

Design Templates

Great looking templates to match your church's color palette, upload your logo and branding to create a tailored experience for your members. No code, design or layout skills needed – simply customize to your needs with our easy-to-use app editor.

Flex Content

Enhance the user experience through personalized pages with images and icons that seamlessly link to other modules or pages. Communicate information for holidays and special occasions with temporary event pages. Streamline access to your church's resources and ministries.
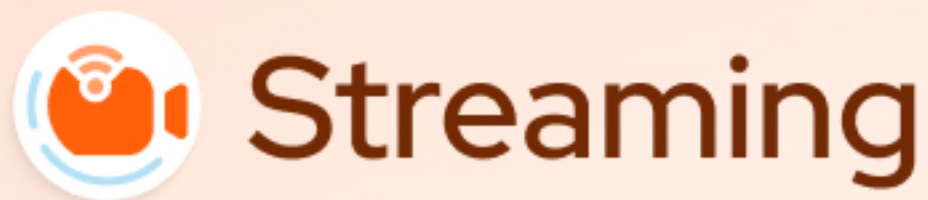

Mobile Interactions

Mobile Interactions empowers you to assign tasks, monitor progress, and get notified when projects are done – all from the convenience of your mobile device.
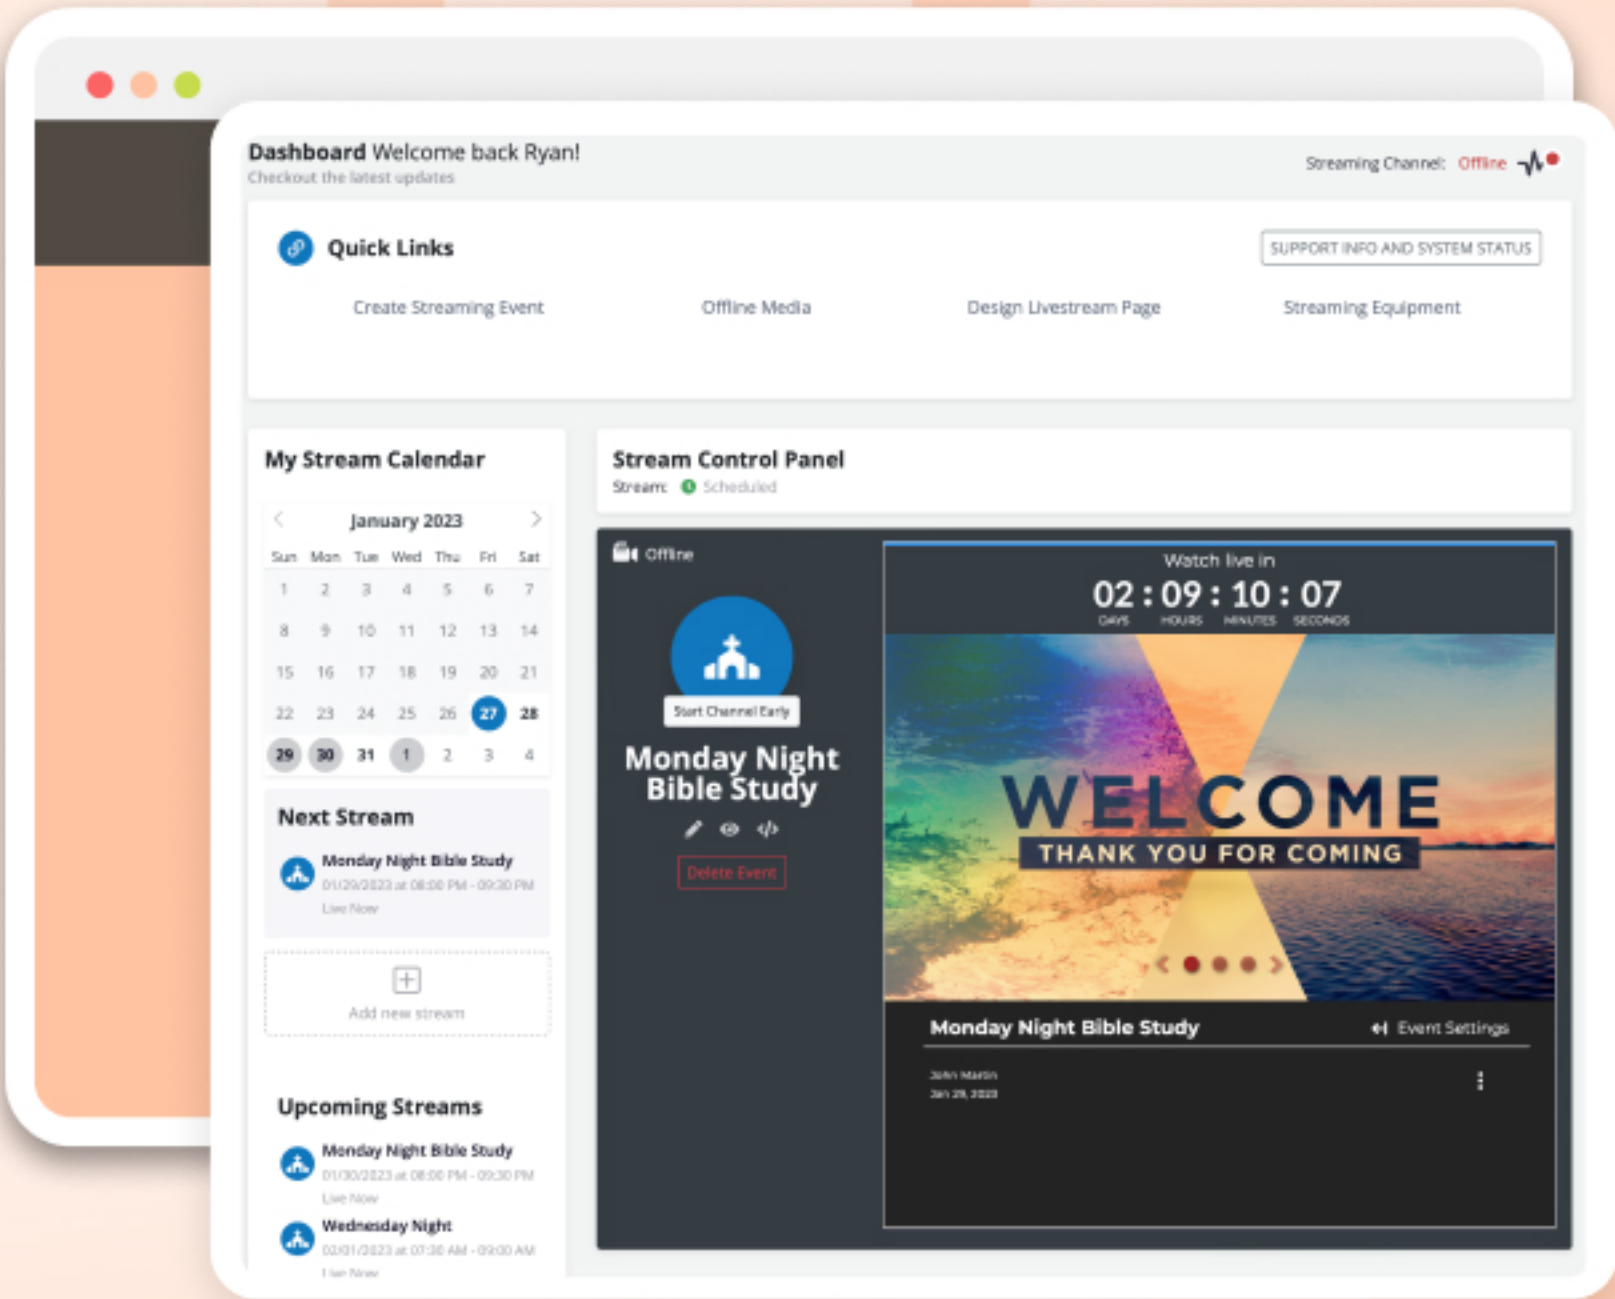

Did You Know?

Over 77% of adults own smartphones and churches have an opportunity to build individual engagement through mobile content delivery.

Streaming

Extend Your Ministry's Reach and Members' Engagement with Seamless Online Streaming.

Engage your congregation with interactive live streams with real-time chat, prayer requests, and sermon notes – no matter where they are in the world.

Flawless streaming of your worship services and events – anywhere and anytime.

Take command with robust content management tools, effortlessly editing live, simulated live, and offline content. Redefine the future of worship with an innovative solution technology that meets spirituality for an unparalleled connection.

Product Features

Build & Grow a Healthy Church in Your Own Community – and Around the World

Whether your members are at home, on vacation, or serving abroad, we'll help you expand your outreach and connect with a global audience.
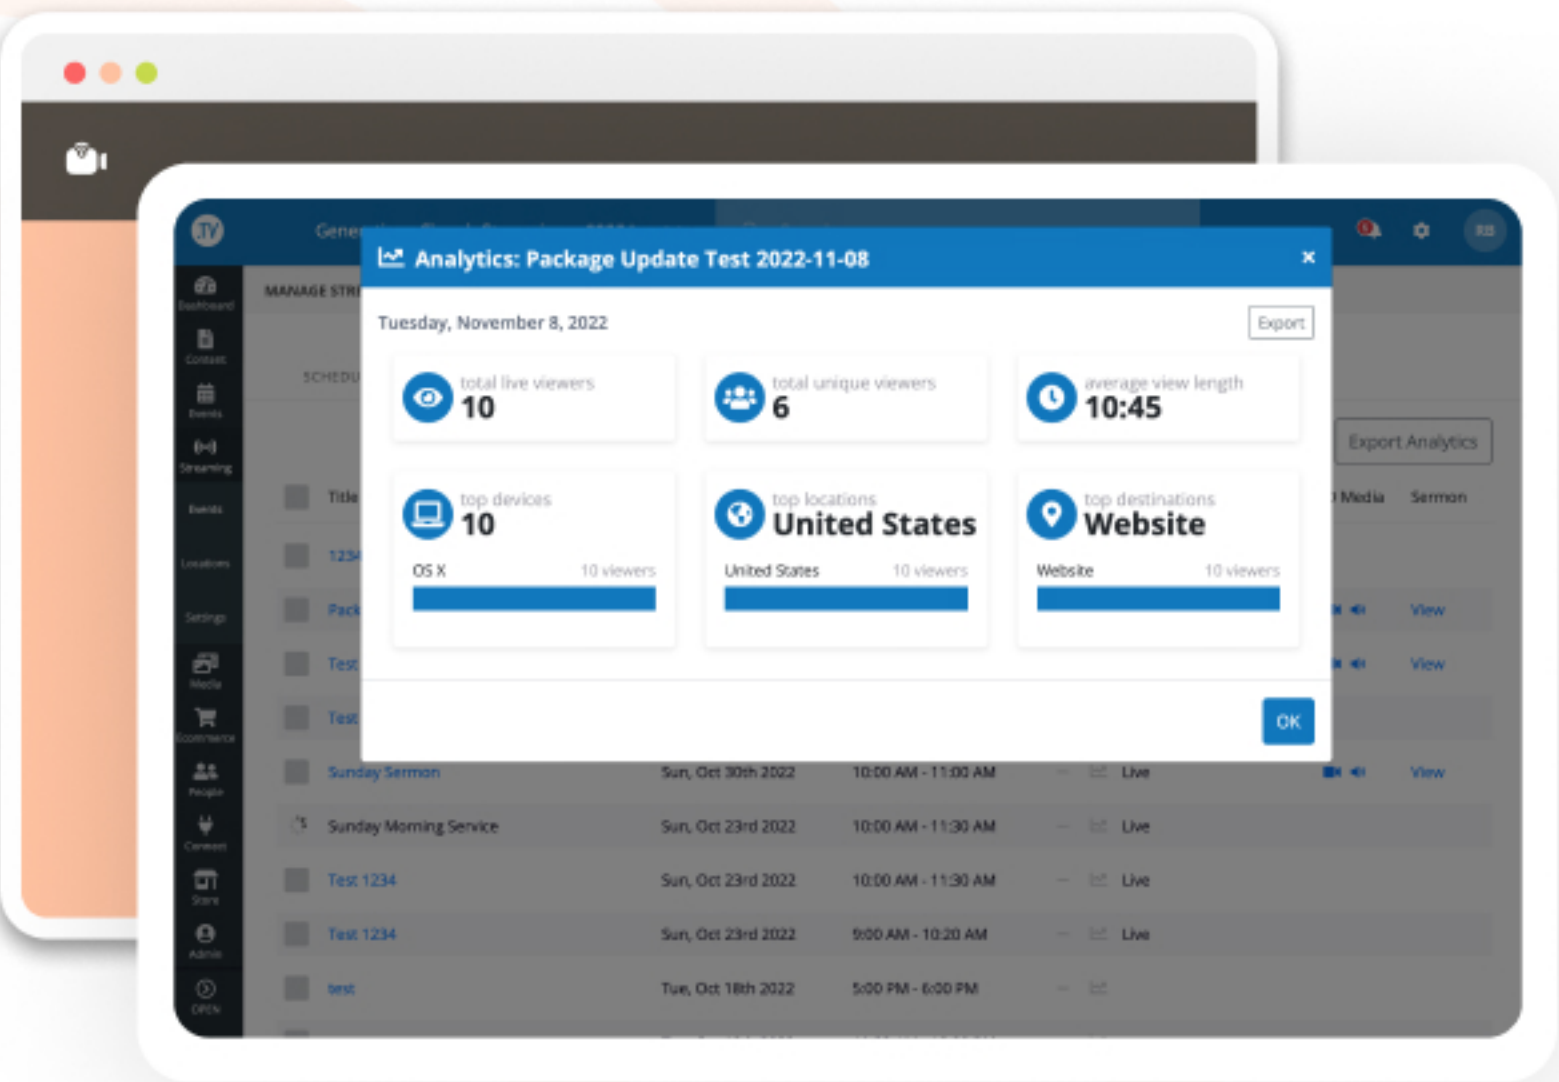

Scalable Cloud Streaming

Our scalable cloud streaming ensures that regardless of the size of your church, our Content Delivery Network grows with you. You'll enjoy a seamless streaming experience no matter your viewer's internet connection or screen size.

Powerful Management Tools

Take control of your content with our powerful management tools, including scheduling, post-live trimming, automated archive posting, and the ability to host back to back streams. You can also include ministry-focused stream information like Bible passages and sermon notes, making it easier to organize and manage your content.

Effortless Editing

Edit your live, simulated live, and offline content with ease, implementing features like pre- and post-roll and built-in DVR so viewers can watch from anywhere in the presentation, regardless of when they tuned in. Attendees will enjoy a world-class viewing experience with our enhanced streaming features.

Customizable Live Stream Layout

Our customizable live stream layout includes effective tools and embedded navigation links to keep your audience engaged. You can include sermon notes, moderated prayer requests, and chat with your congregation in real-time without ads or outside branding, making it easier to create a seamless experience for your viewers.

Stream Anywhere

Stream your worship services and events to multiple destinations, including your website or church app, and simultaneously utilize third-party streaming through major platforms like YouTube, Facebook, Apple TV, RTMP feeds, and more. Our real-time transcoding frees up your bandwidth, making it easier to connect with your congregation and expand your reach.

Enhanced Storage

We provide more than just video storage. With our unique Powerful Sermon Management Tool through Sermon Cloud, you can experience an enhanced streaming and storage experience.

Adaptable Software

Our software is adaptable for all viewers, no matter the size of your church. Whether your congregation is 10 or 100,000, our Streaming platform is powered by world-class technology and a global content delivery network—ensuring your viewers receive the highest quality video quickly and reliably. Regardless of the viewer's internet connection or screen size, our adaptive bitrate provides a seamless streaming experience.

Reliable Support

Count on our full support, available 7 days a week with live, expert support and performance monitoring. You'll receive valuable analytics about your audience, giving insight into who is watching, from where, and how long they were viewing.

Did You Know?

Churches that stream typically see an increase in engagement and giving.

People & Scheduling:

Our advanced People & Scheduling tool is your key to navigating the complexities of volunteer management with ease. This robust feature simplifies the process of managing volunteer availability and qualifications, providing notifications through email, text, or Facebook, relieving you of the stress of managing volunteers.

Overcome the challenges of efficiently scheduling volunteers and ensuring clear communication. Our solution streamlines the scheduling process and enhances volunteer engagement and satisfaction, leading to a more vibrant and dedicated community.

Songs Organizer:

Revolutionize the way you manage your song library with our Songs Organizer. This comprehensive tool allows for efficient management of your song libraries, complete with detailed information and performance history.

Integration with SongSelect for easy importation makes this feature a must-have for any worship team. Forget the cumbersome task of maintaining a vast song library and tracking performance history. Our Songs Organizer offers a centralized, organized system that boosts your worship planning efficiency and ensures your team has the resources they need at their fingertips.

File Storage:

Securely manage and share your essential service planning files with our unlimited File Storage solution, designed with your team's needs in mind. This feature provides secure, controlled access to songs, services, and team files, ensuring your preparations are as smooth and efficient as possible.

Eliminate the hassle of managing and sharing important files. Our File Storage solution guarantees that your team has secure, organized access to the information they need when they need it, improving both the preparation and execution of your services.

Integrations:

Elevate your worship and volunteer experience with our comprehensive suite of integrations. Designed to optimize your service planning, volunteer coordination, and safety measures, our solutions ensure a streamlined, efficient workflow that fosters smooth transitions and enhances connectivity with the tools you rely on most. Experience an enriched service planning process that elevates every aspect of your worship experience.

Support:

At the heart of our solution is a comprehensive Support system designed to ensure you can maximize the use of our features without any hurdles. With an array of online resources, direct support options, and onboarding, we're here to assist you every step of the way.

Whether you're a seasoned user or just getting started, our Support ensures you have the knowledge and assistance to effectively utilize our software, providing you with a safety net for a more impactful worship experience.
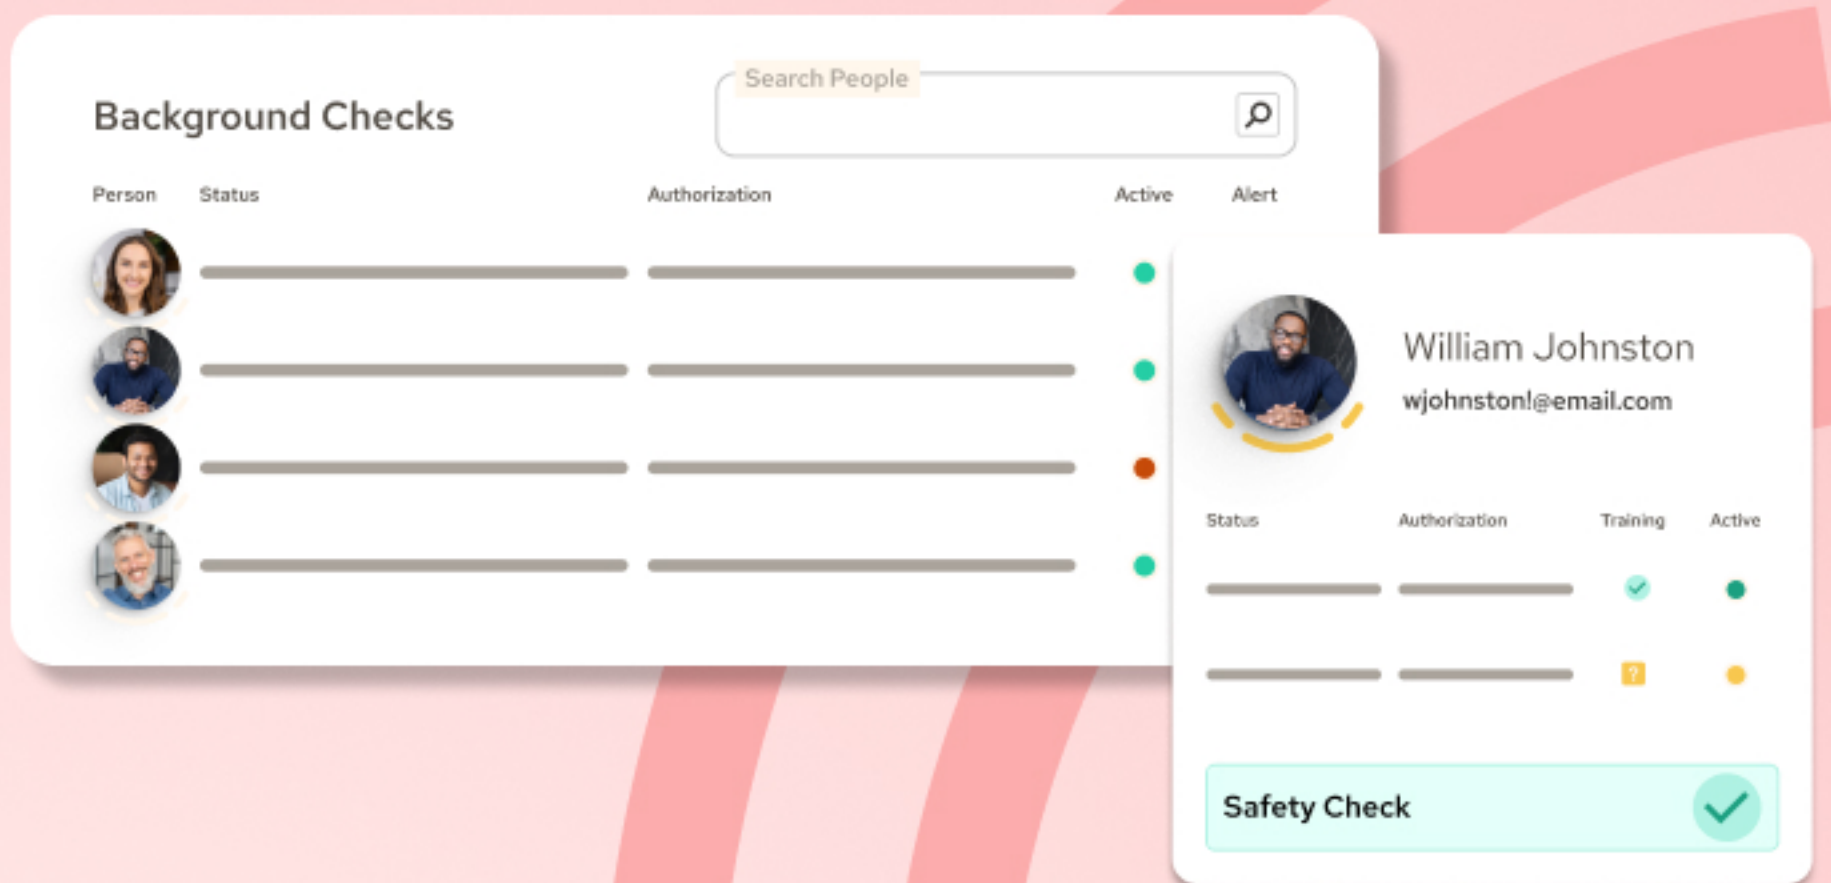

Amplify+ Safety

Powered by Protect My Ministry

The Standard for Safer Churches.

Your church staff, volunteers, and members deserve a safe place to worship and amplify their faith. Enhance your ministry's safety with our industry-leading background screening solution.

Child Safety Training

Our online training course teaches staff and volunteers to recognize common signs of abuse and grooming tactics that empower ministries to be better prepared to prevent it from happening in their organization.

Product Features

Our Ministry Specialization Can Help You Fill the Gaps in Your Risk Management Strategy.

With thousands of ministries served across all 50 states we are committed to providing comprehensive solutions to help faith-based organizations maintain a safe environment and can focus on fulfilling their mission.

Product Features

Keep Your Members, Volunteers, and Staff "In the Know" – Whenever You Need.

Increase the effectiveness of your communications and keep your congregation connected with various contact methods supported by ChMS. With mass text and email options, you can either send an update instantly or have the message scheduled in advance.

- **Send a welcome email** to new visitors and let them know how they can get connected.
- **Reach out to volunteers** in a ministry group, appreciating them for their time.
- **Thank donors** for their contributions and share how their generosity is making a difference.

Thank you for attending!

Text Messaging

Send notifications (2-way SMS) to new members, notify your congregation about schedule changes and schedule reminders for events and activities.

Email Communications

Schedule your weekly newsletter, email volunteer reminders and conduct surveys with your members quickly and easily in one interface.

Voice Calls

Automated voice calls can be scheduled to alert members about schedule changes, safety information and facility updates.

Email Instant Mass Messaging

Empower communication and increase engagement with mass and targeted messaging for Business, Higher Ed, Government, Non-Profits and Ministries.

Weather Monitor

Automated weather alerts from NOAA can be configured to keep your organization up-to-date and safe.
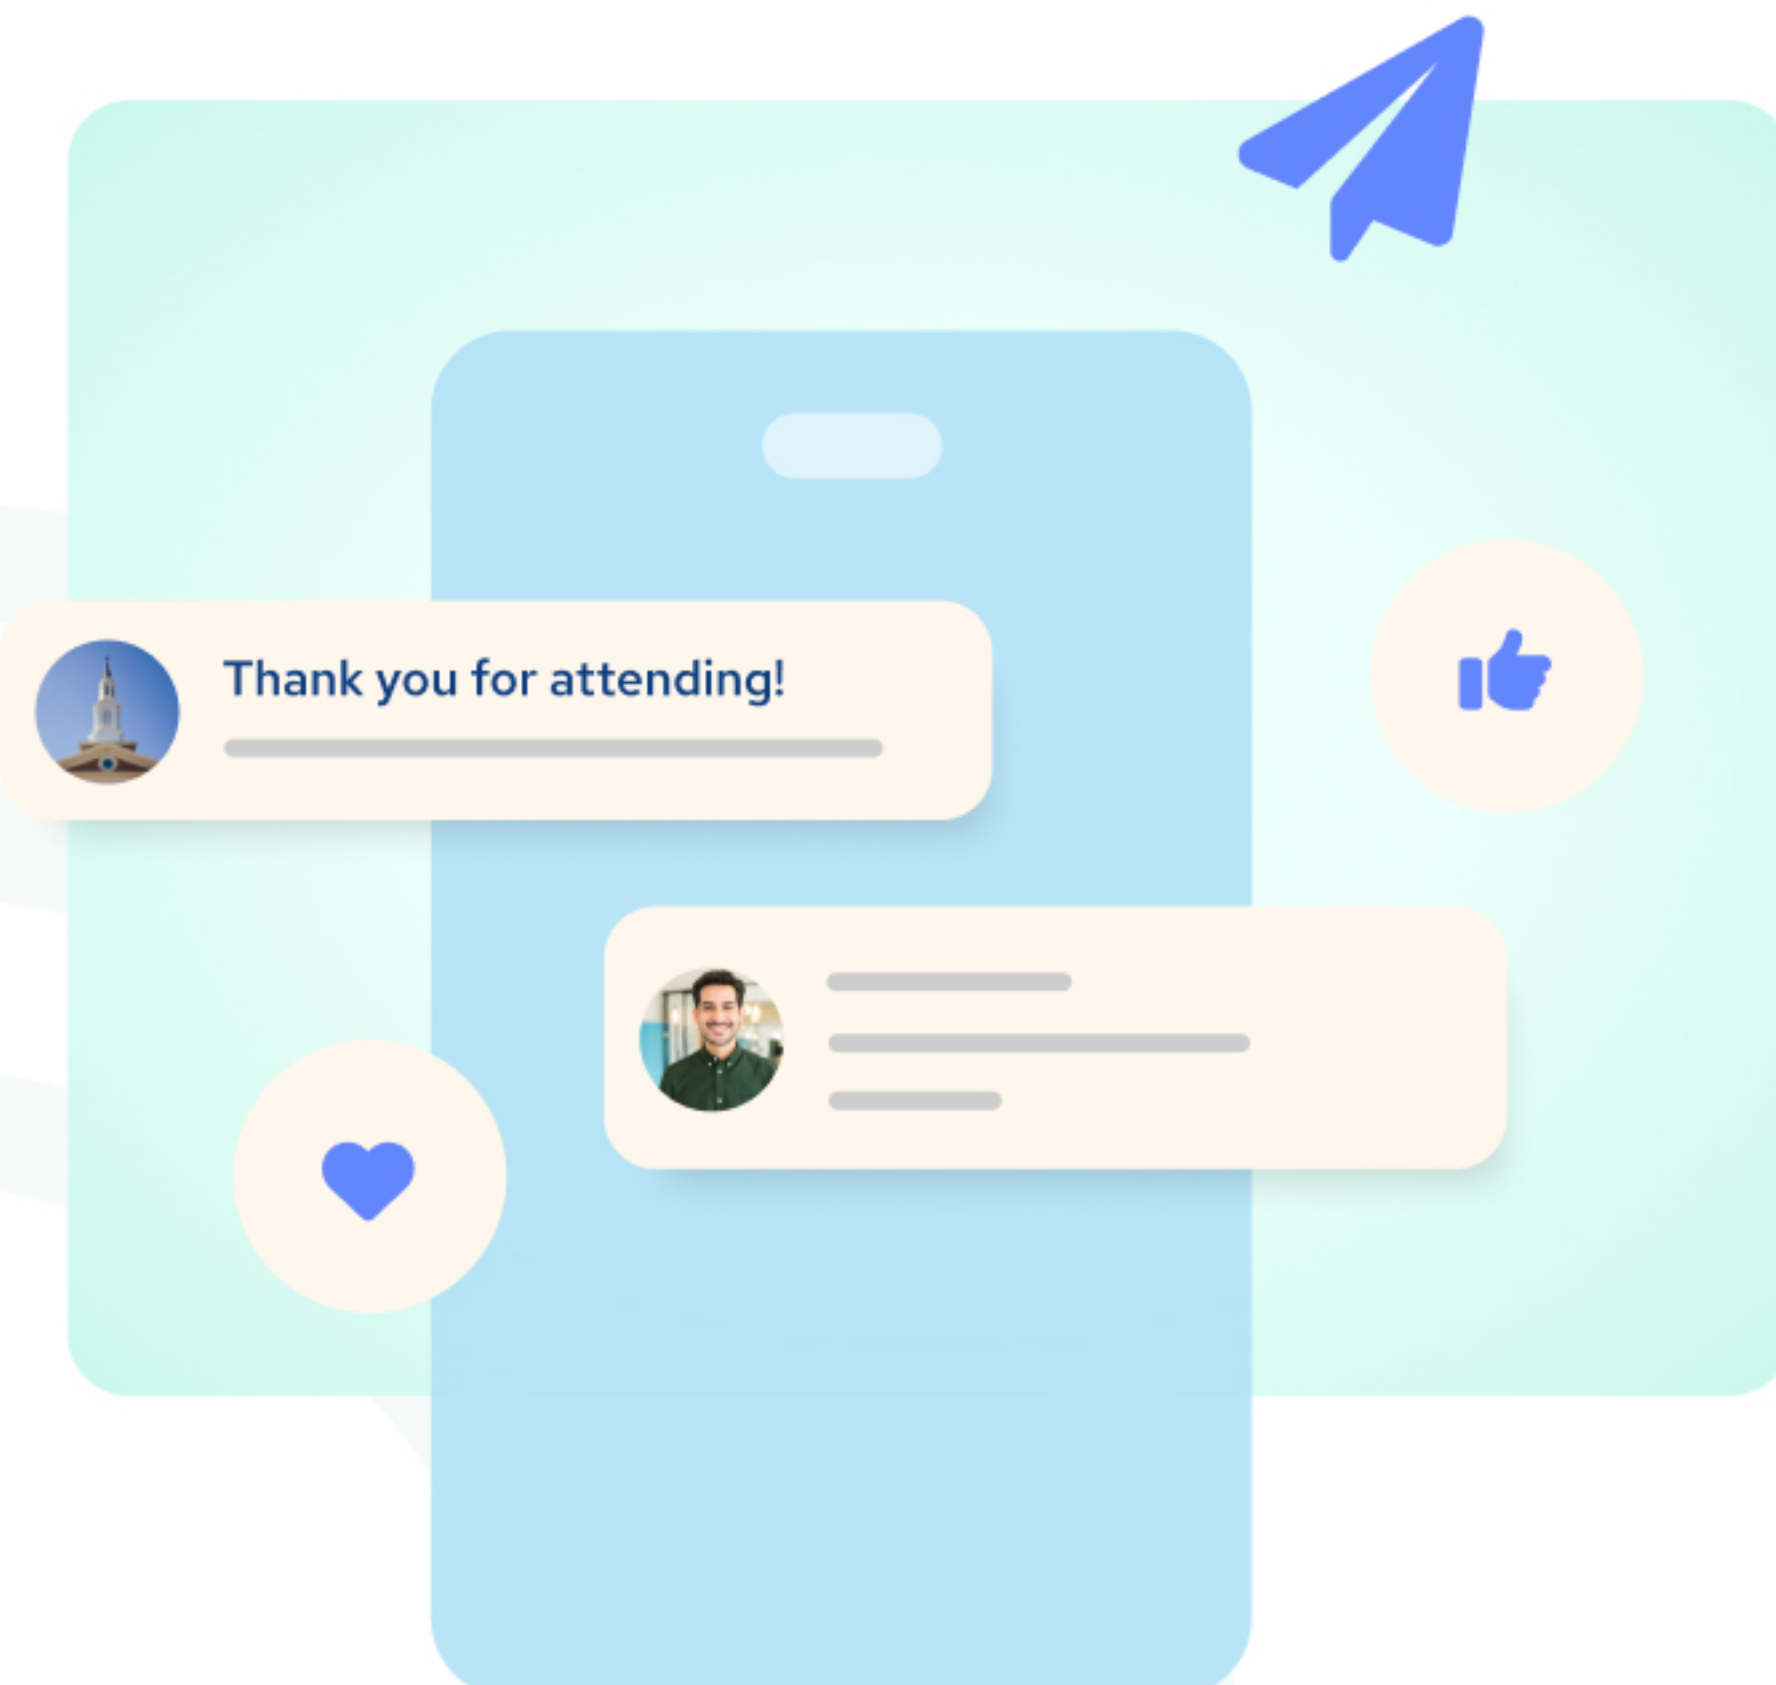

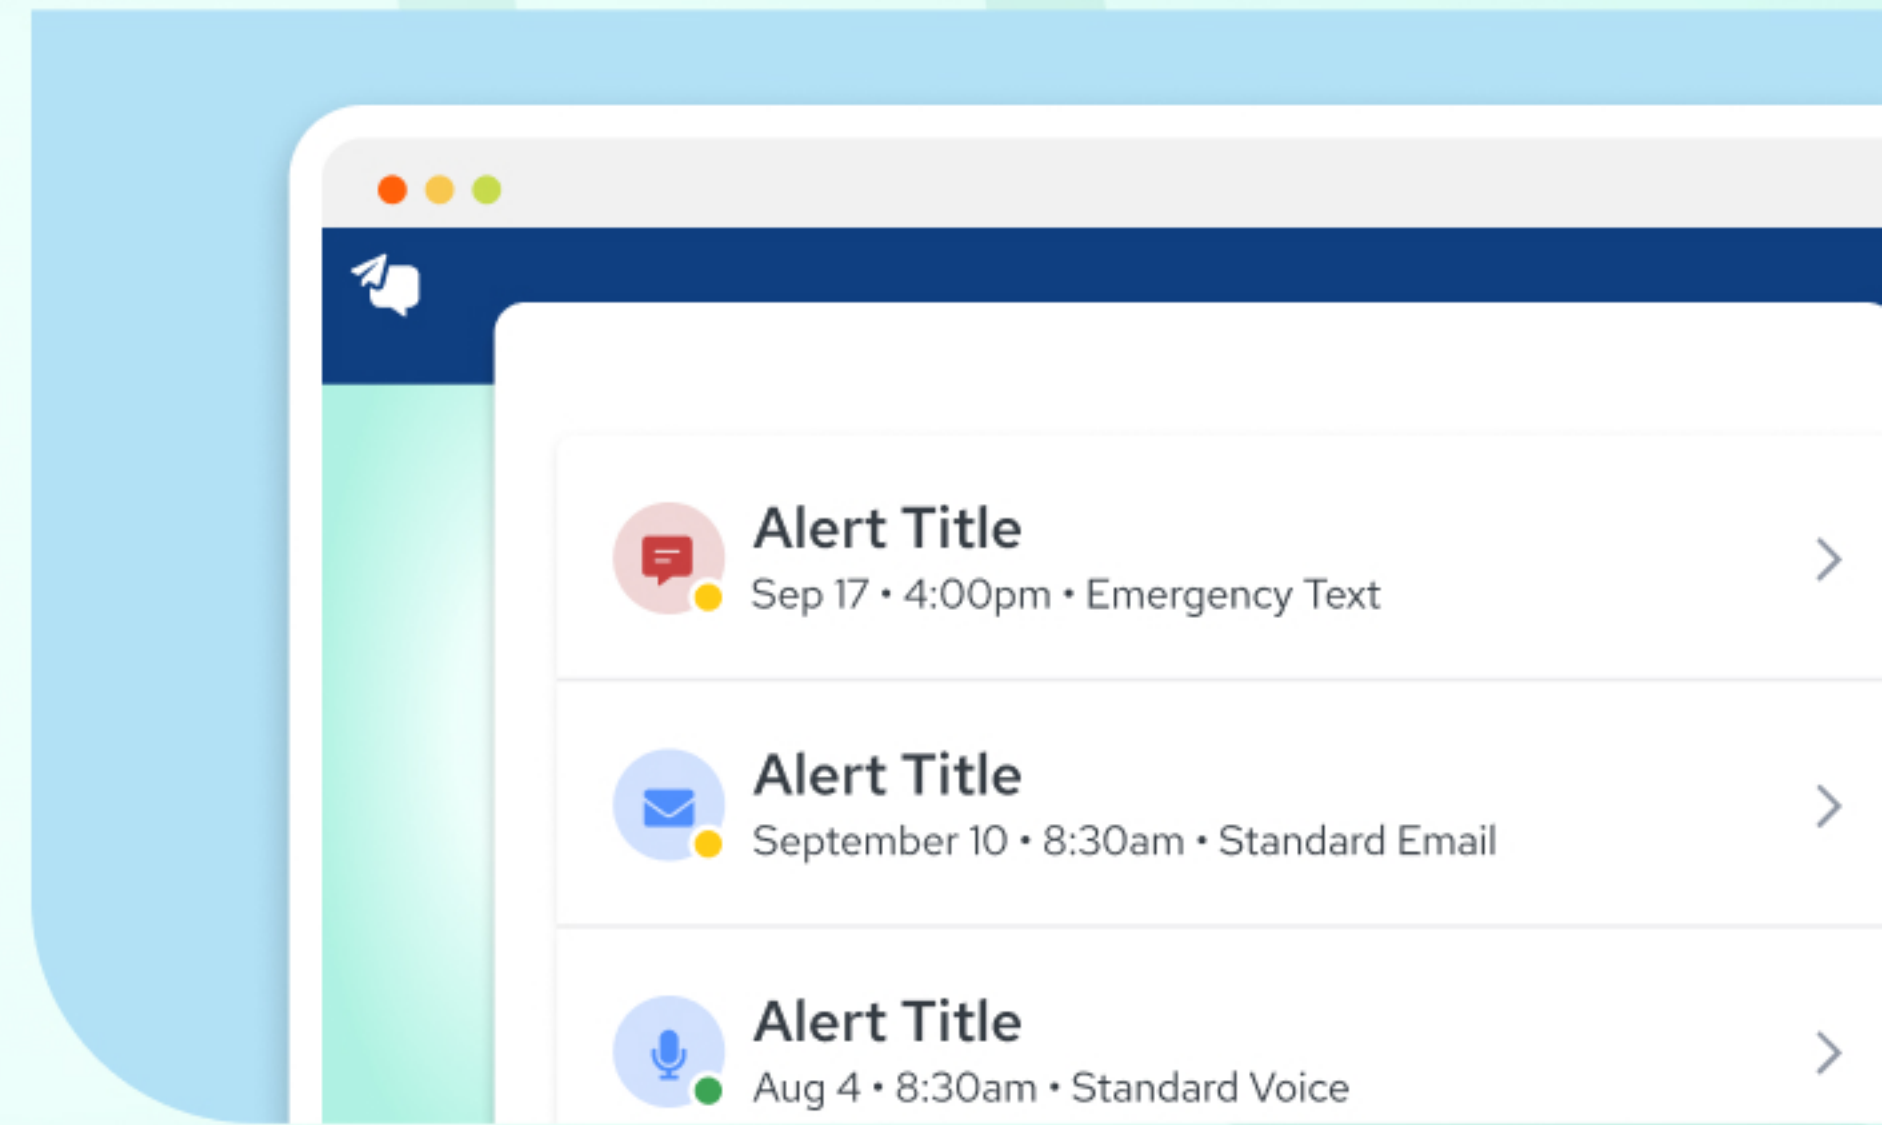

Keyword Opt-in

Engage your audiences by allowing them to opt-in to relevant communications from your organization on the topics they care about most.

Quick Capture Forms

Send automated requests to your audience for additional contact information and areas of interest.

Did You Know?

The faster you contact new visitors and follow up on their experience, the higher the rate of their return will be.

Accounting

Church Accounting that Makes Sense and Saves You Cents.

Your church needs healthy finances to fulfill its mission. Our integrated accounting solution has been helping churches be the best stewards of their finances for over 40 years. Spend time where it matters most – turning crowds into disciples.

You didn't get into ministry to spend your time in spreadsheets and databases. We make your numbers easy to understand in one place.

Consolidate financial tasks effortlessly and seamlessly manage budgets, payroll, and purchasing with an intuitive interface. With Ministry Brands Amplify Accounting, you can unlock customizable reports and innovative features like Expense Amortization and Fixed Asset Management.
